

LIASCD

LONG ISLAND ASSOCIATION FOR SUPERVISION
AND CURRICULUM DEVELOPMENT

A Full-Day Workshop with Distinguished Educators and Authors:

DOUGLAS FISHER and NANCY FREY

LIASCD is delighted to offer Long Island educators the opportunity to spend a full day with Douglas Fisher, Ph.D. and Nancy Frey, Ph.D. Fisher and Frey have collaborated on numerous books including: *The Purposeful Classroom: How to Structure Lessons with Learning Goals in Mind*, *50 Content Area Strategies for Adolescent Literacy*, *Better Learning Through Structured Teaching: A Framework for the Gradual Release of Responsibility*, and *Checking for Understanding: Formative Assessment Techniques for Your Classroom* (just to name a few). Don't miss this chance to be stimulated and challenged!

During the LIASCD 2012 Spring Conference, Douglas Fisher and Nancy Frey will present a variety of strategies that educators at all levels can use to ensure that students clearly understand the purpose behind every lesson. They will provide step-by-step guidance to help educators:

- Understand the difference between standards, objectives, and purpose statements, and craft the latter in terms that students can easily grasp.
- Involve students in understanding and "owning" the purpose of every lesson.
- Motivate students by conveying the relevance of content to students' lives.
- Develop classroom activities and assessments that allow students to demonstrate both their mastery of lesson content and their understanding of the lesson's core purpose.
